

State Type: *atis* **DevelopingStates**

(State type is part of the metatheory and describes configurations and properties that characterize a state of that type.)

Developing states, ${}_{DV}\mathcal{S}$, $\stackrel{\text{df}}{=}$ a sequence of system states.

$${}_{DV}\mathcal{S} \stackrel{\text{df}}{=} (\mathcal{S}_{t(1)}, \mathcal{S}_{t(2)}, \dots, \mathcal{S}_{t(n)})$$

Developing states is a sequence of system states over time.
